Ref: REACH COMPLIANCE

REACH is a EU strategy for ensuring a high level of chemical safety and a competitive chemicals industry through a system for the Registration, Evaluation and Authorization of Chemicals. REACH lists the chemicals along with the acceptable levels allowed to prevent impact on the environment (as of June 14th, 2023, the latest SVHC list contains 235 substances).

- **Currently all products supplied by Aerotrónica are REACH Compliant.**
- **Aerotrónica will continue to undertake reasonable due diligence within our supply chain to assure that none of these substances are present in the products supplied to our customers.**
